

EXPANDING DISPLAY SYSTEMS: POPUPS

The Coyote popup display system combines strength, reliability and style. It features several unique advantages over other similar Popup display systems, especially its light weight and simplistic ease of use. Compared with complicated "snap in" channel bars and delicate locking/locating systems, the Coyote uses state of the art "Rare Earth Neo Magnets" on both its channel bars and locking/location systems. These make it very quick and simple to erect and take down, with practically no "easy to break" parts. Full display systems are offered in a wide choice of configurations from basic tabletop kits to full 20' long displays. All Coyote displays are offered as curved or straight systems, single or double sided and offer the option of combining with either breath taking seamless graphic mural panels or versatile "Velcro friendly" fabric panels.

Case converts to a counter

Fast and easy to assemble, the Coyote Popup display frame is both light weight and strong.

Magnetic channel bars simply snap into place in moments to form a rigid structure for your fabric or graphic mural panels.

With the Coyote, spectacular graphic mural panels are simple to install.

1x1 tabletop kit for desk top presentation
Footprint dimensions:
30.625" H x 45.5" W x 12.5" D

2x1 tabletop kit for larger desk top presentation

Serpentine full trade show exhibit system
Footprint dimensions:
87.56" H x 217.75" W x 60.5" D

COYOTE INTERNAL SHELF KIT

Our professionally finished internal shelf kit offers you the option of presenting products or marketing literature directly from the front face of your Coyote popup display.

The Coyote shelf kit assembles in seconds and comes complete with two clear acrylic shelves which can be used either horizontally or at 45 degree angles. (Only available for use with 'curved' Coyote popup display. Shelf kit does not fit into OCP oval molded popup case)

COYOTE BUBBLE PANEL OPTION

Add a new dimension to your Coyote Popup display system with a forward facing, convex bubble panel. Panel can be fabric, OPAQUE graphic or even a rear illuminated graphic. (Lighting kits for rear illuminated bubble panel, sold separately) Panel and hardware can be stored with display in conventional OCP oval molded popup case.

CASE TO COUNTER CONVERSION KIT

Not only does the OCP oval molded popup case offer internal storage for lighting and great all around protection for your Coyote or Spyder popup display system- it can also be converted into a useful and attractive counter! The case comes complete with a solid writing surface which can be secured to the top and then either a fabric or graphic wrap can be applied to the outer face to create a dynamic counter or product platform. (C2C Fabric or graphic wrap sold separately).

OPTIONAL LIGHTING

The Lumina 200 and Lumina 7 offer a good, all around solution for illuminating your Coyote or Spyder popup exhibit.
